

# Etac Clean Height Adjustable

In addition to all the features of the basic model, this variant allows you to adjust the height of the seat.

## Adjust the height for a perfect fit

The possibility of adjusting the seat height means that Etac Clean Height Adjustable can be tailor-made to suit the user's needs – for example to make transfers easier or to fit perfectly over the toilet. Adjustment is simple and no tools are required.

Etac Clean Height Adjustable has the same basic benefits as the other members of the Clean family – but is also height-adjustable up to 60 cm, and has a greater range of foot supports and calf supports.

## Accessories

See our wide range of accessories "Accessories for all Clean models" on page 24–25.
