

Molift Nomad

The portable low weight hoist, suitable for all day-to-day operations.

Low weight - high hoisting capacity

The weight of the Molift Nomad is only 6.8 kg. Despite the low weight it has a hoisting capacity up to 255 kg. Molift Nomad has a unique curved design and the integrated 4-point sling bar, used with any Molift sling, provides the user with a comfortable and spacious position. Molift Nomad is equipped with numerous safety features such as electronic overload protection, electrical emergency lowering and emergency stop.

Easy room-to-room transfer

Molift Nomad has integrated carry handles for easy handling. The connection is easy and no tools are required. In combination with the special designed trolley, Molift Nomad can be used to climb from one rail system to another without a transition rail. This results in easy transfer from room to room. By using Molift Nomad Extension Arm the hoist can easily be connected and disconnected to the trolley from the floor. Molift Nomad Cart is ideal for storing and transporting the hoist.

Features

- Low weight and high hoisting capacity.
- Portable ceiling hoist.
- Climbing room to room.
